

# RIDER XARNEGE

## **BACKGROUND**

## **FRONT**

4 electrical connections (see sketch)

3 platforms of 2x2m for Jean, Josean and Juan (minimum 2 platforms of 2x1m and 2 for Juan).

### **F.O.H / P.A**

-The promoter will provide a high quality system, this system must produce 100 DB A at average level at the mix position. It will have a flat response from 20Hz to 20KHz.

-The mixing desk will be placed between both sound systems and in 2/3 of the venue, NEVER under balconies and always in the same level as the audience.

-If there is no area for the P.A desk, the PROMOTER will eliminate some seats in order to have this desk in a perfect position. No exception will be made to this issue.

-There will also be Front fills (a minimum of four) to assure the correct coverage for the first rows.
